NOVEMBER, 2025

The AmericasBarometer is a regular comparative survey of democratic values and behaviours that covers countries in North, Central and South America, as well as a significant number of countries in the Caribbean (the 2025-26 study will cover 20 countries). The project is led by the LAPOP Lab at Vanderbilt University's Center for Global Democracy (CGD). The Canadian survey was conducted by the Environics Institute for Survey Research, in partnership with CGD's LAPOP Lab at Vanderbilt University and with the support of the Max Bell Foundation.

The survey was conducted online with a sample of 3,550 Canadians (aged 18 and over) between July 30 and August 7, 2025. The results are weighted by region, age, gender, education and language so as to be fully representative of the Canadian population.

Q2Y. In what year were you born? (AGE)

DVAL253. Please indicate which statement is closer to your opinion.

When community groups & organizations are active in politics...

A. It weakens our democracy because they make it harder for political leaders to hear directly from the people.

B. It strengthens our democracy because they bring people's concerns to the attention of our political leaders.

[illegible]

DVAL254. Please indicate which statement is closer to your opinion.
A. There's too much compromise in politics today. People need to realize there's usually only one right way to get things done.
B. There's not enough compromise in politics today. People need to realize there's usually more than one right way to get things done.

DVAL253. Please indicate which statement is closer to your opinion.
When community groups & organizations are active in politics...
A. It weakens our democracy because they make it harder for political leaders to hear directly from the people.
B. It strengthens our democracy because they bring people's concerns to the attention of our political leaders.

DVAL254. Please indicate which statement is closer to your opinion.
A. There's too much compromise in politics today. People need to realize there's usually only one right way to get things done.
B. There's not enough compromise in politics today. People need to realize there's usually more than one right way to get things done.

BILLECO1. Please indicate which statement is closer to your opinion.
A. Billionaires have a positive influence on the economy because they drive innovation and create new businesses.
B. Billionaires have a negative influence on the economy because they keep too much wealth for themselves instead of sharing it with the rest of us.
