

## AmericasBarometer – Canada 2017

### Detailed Data Tables

Field dates: March 24 – April 5, 2017

The Environics Institute for Survey Research  
33 Bloor Street East, Suite 900  
Toronto, ON M4W 3H1

# AmericasBarometer – Canada 2017

## Banner-Question Key

This detailed set of statistical tables shows survey results for the total general population and also by various subgroups of interest. For this table set there are three “banners” of subgroups, drawn from questions in the survey. The results have also been tested for significant differences within these subgroups. The statistical tests undertaken are an independent T-Test for means and independent Z-Test for percentages. The following key shows the questions used to create the banner subgroups and also what groups have been tested for significant differences in each of the banners.

In the tables that follow, **upper case letters** under the percentages indicate subgroup differences that are significant at the **95% level**.

### BANNER 1

TOTAL	REGION						URBAN CENTRE			COMMUNITY SIZE				GENDER		LANGUAGE	
	ATL	QC	ON	MB/SK	AB	BC	TOR	MTL	VAN	1M+	100K-1M	5K-100K	<5K	MALE	FE-MALE	ENG	FR

## AmericasBarometer – Canada 2017

57. Some people believe that protecting the environment should be given priority over economic growth, while others believe that growing the economy should be prioritized over environmental protection. On a 1 to 7 scale where 1 means that the environment should be the highest priority, and 7 means the economic growth should be the highest priority, where would you place yourself?
