

Canadian Millennial-GenZ Social Values 2020

Data Tables

Combined Leading Edge GenZ & Millennials

(Canadians ages 18 to 40)

Field dates: September 8 – November 9, 2020

COMBINED LE-GenZ & Millennials – 2020 Survey

Banner-Question Key

This detailed set of statistical tables shows survey results for the total general population and also by various subgroups of interest. For this table set there are three “banners” of subgroups, drawn from questions in the survey. The results have also been tested for significant differences within these subgroups. The statistical tests undertaken are an independent T-Test for means and independent Z-Test for percentages. The following key shows the questions used to create the banner subgroups and also what groups have been tested for significant differences in each of the banners.

In the tables that follow, **upper case letters** under the percentages indicate subgroup differences that are

BANNER 1

COMBINED LE-GenZ & Millennials – 2020 Survey

Q46I. Now a few questions about the level of trust you have in various institutions.
Using a scale of 1 to 5, where "1" means "no confidence at all" and "5" means "a great deal of confidence", how much confidence do you have in:

Universities and colleges
